June 2016 at LCC – Spring right into Summer!

Wow, springtime just snuck by with barely a “hello”! A little more than a quarter of the way through the year

and I have to give a big shout out to all of the Directors on the Board this year. I felt we had a strong BOD going into the year and they have more than lived up to expectations.

Mike Potestio has taken on the extremely important task of running the Membership Committee and I'm happy to report that, as of this writing, we have a full Membership and one on the waiting list! Bill Pruter is a natural to run Finance and thus far, YTD, we are a little more than \$100k favorable to budget. Jake Jacobson has done a terrific job utilizing his great golf knowledge while running Green Committee and navigating a tricky spring season that included a surprise irrigation challenge – I think you would agree with me that the course is in spectacular shape! Peter Urquhart has been just “bonzer” with Facilities Committee and, as of this writing, it appears we are on the brink of a newly tiled, fully-functional men's steam room! Running Golf Committee is second nature for Tim Brooks and the season is cranking into full gear as we all await another epic *Sliceroo* in July! Brand new to the Board this year, Tom Piercy is wasting no time adding keen imagination and ingenuity to Board discussions, as well as to our Club's programs and social events with a summer full of fun ahead of us! As a 1st year Director, Danette Reagan has added invaluable perspective in general, and to

LCC women's golf in particular. Finally, Mike Margonie has lent experienced construction project management insight and Board counsel to our larger projects being worked on this year, including hole #'s 7 and 18. The Board meetings wouldn't run smoothly without the dual wisdom of Past President, Mark Wehrle, and Club Counsel, Gary Polidori. I would also like to recognize how extremely valuable it has been that this year's BOD has been getting such encouraging support of past Directors and Presidents. Of course, in all cases on an operational basis, Lance and his LCC staff have done the heavy lifting and made being part of the BOD a pleasure for all of us Directors. I hope you all appreciate such a strong group of Directors as much as I do!

Events

Derby Day Dinner and Tournament

Derby Day Dinner was once again a tremendous way to kick off LCC's golf season with delicious food and great celebration. We honored Tim Lollar and our terrific Golf staff and, of course, much of the evening centered on our new Member of the Year, Rick VanDyke. We recognized Rick's unparalleled competitive golf resume and service to the Club assembled over his many years at LCC (*including 7 Club Championships!*) and had some very heartfelt tributes by Rick's closest Lakewood friends with a little bit of very clever roasting thrown in. Please congratulate Rick when you see him. He will be MOY ALL year!

Windy, wet, and cold pretty much sums up the actual Derby Day Tournament. I think this year's Derby Day was a perfect example of the old saying that “it's not whether you win or lose, it's how much fun you can have in the rain”...or something like that!

June

Remember to double-check your LCC calendar closely as June is a packed month with Scotch Matches, Lakewood Cup, Senior Club Championship, and “Rally for the Cure” golf events during the month.

Caddie Program

Jake Jacobson, our Caddie Committee Chair this year, along with his Committee Members, Director of Golf, Tim Lollar, and his staff, particularly Ben and Ethan, have been riding herd on the new troop of caddies this season. Please take some time to thank them for continuing the tradition that we have at Lakewood CC of being one of the best caddie programs you can find today. Thanks should also go to the many Members who have volunteered their time this year to train the new caddies and refresh the memories of the returning caddies. Lastly and importantly, the supporters at LCC of the WGA Evans Scholar's Par Club program should give themselves a big pat on the back as LCC perennially ranks in the top three in the State for this program and in the top 25 in the nation. I believe there is no better way to enjoy the game of golf than to walk and take a caddie. I would encourage all players to give it a try if you never have.

Projects

Current Projects

#7 tee box and retaining wall reconstruction are complete with the exception of some additional vegetation for aesthetics that will be added, and the Board and I have received virtually 100% positive comments. I want to commend Lance and Chris Swim for getting this project done on time and slightly under budget.

The pool bar construction has been a little more challenging for various reasons, but I believe the final judgement on that project

will be very positive and I hope to share many a cocktail there with fellow Members this summer!

Future

Mark Wehrle held his first Long Range Planning Committee (“LRPC”) meeting and I think he has skillfully put together a terrific Committee that is appropriately diverse and should offer the gamut of Member viewpoints. This has been, and will continue to be, an extremely beneficial standing Committee for our Board and for our Club.

LCC Golf Course – The Gem of our Club

I think I'd be in crowded company at our Club with my opinion that our golf course at LCC is one of the nicest (thanks to Chris Swim and his staff) and most fun in the state. It is a course that can be played day-in and day-out and never gets boring because of the excellent design of our golf holes over the years. It is the asset our Membership revolves around! Of course, LCC has limited land, which has never kept the course from being spectacular. We've not had a major re-design of any significant type since 1961. I believe that optimizing the beautiful piece of land that we have for our golf course, though a delicate process, can prove to be a fortuitous step in our Club's history.

As many of you likely understand, golf course design is every bit as complex as residential housing architecture, if not more, and those that are the best at their job are few and far between. There are some rock-stars in the golf course architecture business as there are in any other skilled, professional endeavor. We've been very lucky as a Club to have had a couple of the past hall-of-fame-level rock-star designers design LCC's golf course – Tom Bendelow and Donald Ross.

continued on page 4

An emerging and quickly-becoming-established new rock-star on the scene today is Gil Hanse, designer of several famous courses (including the Olympic golf course for the Summer Olympics this year in Rio de Janeiro) and famous golf course refurbishments already with a huge portion of his body of work being refurbishment of famous Donald Ross courses. Gil has indicated a willingness to perform the actual implementation of his plan at LCC. I view this as a unique opportunity for our Club.

I would encourage everyone to read our LRPC Chair, Mark Wehrle's very thoughtful discussions on Gil, golf course

pro's newsletter

Course:

As we enter our busy months, the course will get maximum usage. Here are a few reminders to help keep the course in prime condition: (1) sand/seed mix is provided on your carts, please

fill your divots and any others, (2) rake the bunkers when you exit, (3) please be aware of wet conditions when driving carts, (4) do not drive within 50 feet of the greens, and finally, we absolutely have the best putting greens and to maintain these conditions, we need the Membership to **please repair any ball marks on the putting surfaces.**

Safety:

We would like to remind the Membership of specific safety areas: 1) please wait for players to leave the cart parking areas on holes #2, #7, #9, and #17, 2) do not hit driving range balls over the fence, 3) serious injury can occur by driving

design, and the benefits of the LCC Master Plan design that Gil put together several years ago. Last month's column by Mark was a terrific summary of the history of LCC's golf course design and this month's column is a particularly interesting discussion about Gil's exciting re-design thoughts on hole #'s 1 and 14.

Enjoy the early summer, I'll see you around the Club, and **don't forget to keep those new Member referrals coming our way!**

Scotch:

The first round of the Scotch matches are about complete and second round matches are underway. Starting at the round of 16, matches will be posted on the message board; so, you may participate in the gallery of "Scotch Watchers". We would like to remind the Membership that carts for Scotch watchers will be available (if there is no Member play scheduled). **If we have scheduled tee times, players have first priority for golf carts.** Please check in with the Golf Pro Shop. Good luck to all participants.

Sincerely,

Junior Golf:

The 2016 Junior Golf Program will begin on June 1st. On Wednesday mornings, the golf course will be available after 10:00 a.m. for our Members. **Reminder** – We would like to remind our Juniors they are not allowed on the driving range from 11:00 a.m. to 1:00 p.m. on the weekdays.

Handicaps:

Please remember to post all scores. If you play 6-12 holes, a 9-hole score should be recorded and if you play 13 or more holes, an 18-hole score should be recorded. If the Golf Pro Shop is closed, please slide your scorecards under the door and the staff will post for you.

Pace Of Play:

We would like to thank the Membership for following the pace of play guidelines. Most all rounds are now played in four hours or less and with your continued awareness, this expected pace will be maintained throughout the season. Once again, a group's position is directly behind the group in front at all times. If there is a gap, the group must either close the gap, or let faster players through.

Lightning Policy

Lakewood Country Club subscribes to a local weather alert system that warns us of ground lightning strikes within five miles and impending storms.

When we receive weather alerts, the Golf Pro Shop Staff will sound a series of three short blasts on the sirens to signal the **mandatory closure** of the course. When you hear these sirens, you must mark your golf ball and immediately proceed to the nearest shelter. Our staff will assist any walkers who wish to return to the Clubhouse. Once the danger has passed, one long blast will signal the course is “safely” available for play.

Dress Code - 2016

We would like to inform the Membership of the Lakewood Country Club dress code. In an attempt to become more in tune with some of today’s fashions, yet, maintain the level of respectability that our traditions warrant, please adhere to the following:

- All shirts must be tucked in with the exception of full-button camp shirts (Tommy Bahama style).
- Hats with bills must be worn forward at all times.
- Jeans/denim, workout attire, and cargo pants/shorts or baggy shorts of any kind are not permitted.
- Flip Flops are not appropriate golf attire.

Thank you for your compliance and please inform your guests of this policy.

Parking Woes

The sun is shining and the temperatures are warming up! Golf season is in full swing (no pun intended) and so is the banquet and catering season for Lakewood CC.

Parking spaces become a premium this time of year, especially on the weekends when the pool is packed, the tee sheet is packed, and we have a wedding or banquet event for 200 people; all on the same day! Allow me to take just a couple of minutes to explain the positive influence the events have for the Membership, especially on days where not only are the temperatures up, but so are a few tempers due to a lack of parking.

Banquet and catering revenues at this Club can generate just shy of, or over \$1 million annually. While these events, every so often, can cause a parking nightmare and generate some frustration for our Membership, they have a very positive outcome financially. Many high end private clubs, by high end I am referring to clubs where the initiation fees meet or exceed \$50,000 to join and have due structures near or over \$700 a month, will not open their doors to the general public for banquet and catering revenue. Higher end clubs don't require the additional income; they have set the parameters for a monthly dues structure to handle operational costs. Initiation fee revenue will dictate what capital replacement/capital improvements are completed each year at the facility. Lakewood CC does not operate under those types of financial principles. Lakewood CC for many years has operated under the principles that generating

additional revenues, aids in moderate monthly dues for the Membership.

The fact is: our banquet and catering business, helps to keep the Membership dues lower. After one year of banquet and catering business, Lakewood CC is the beneficiary of nearly \$250,000 net profit. If we did not realize that profit, it would require an approximate \$46 per month dues increase at a capacity of 450 Members to make up that loss of revenue. That is; if the Membership wants to continue with our current service levels and amenities provided daily.

The Club staff will be more dedicated in communicating to the Membership, the days in which parking may be a challenge. Email blasts will be sent out each week with the information of days and times where parking will be difficult. Michelle Kiser has overachieved in 2016 with the booking of weddings. This year, we have the benefit of hosting 21 weddings (we average 8 to 12), in addition to our existing banquet business from local associations that many Lakewood CC Members participate in.

So on a day where parking is a struggle, we hope you will exercise some patience. These events help keep Lakewood CC relevant in the marketplace by providing additional revenues.

As always, I am looking forward to seeing all of you this summer season, please feel free to contact me should you have questions, need assistance, or just want to say hello!

Sincerely;

Lance Scheele

A Century of Donald Ross Golf at LCC and a Blueprint for the Future of Our Course

What's in the Golf Course Master Plan?

You'll recall from last month's column that Donald Ross redesigned LCC's golf course a century ago, in 1916. Ross kept a few holes – for example, No. 17 – original to our first designer, Tom Bendelow. And, we have several holes redesigned by Perry Maxwell in 1961.

LCC's Gil Hanse designed Master Plan, adopted by the Members in 2007, is

"ALL GREAT COURSES INCLUDE A SHORT PAR 4 HOLE. THIS HOLE MUST BE AN OUTSTANDING SHORT PAR 4. IT HAS TO BE A SHOWCASE HOLE AND SET THE MOOD FOR THE REST OF THE ROUND."

our blueprint to keep our "crown jewel" relevant and interesting as golf and golfers change.

The plan:

- restores lost Ross design elements, softens the Maxwell imprint and restores some long-lost Bendelow ideas
- adds forward tees for young and old, male and female golfers
- adds a small amount of length to address modern driving distances
- preserves the comfortable yardage the white tee player enjoys today

So, what's in the Master Plan? Let's start at the beginning.

The 1st hole will be lengthened for all players, which will help pace of play by reducing the number of players who wait for the green to clear before hitting their tee shot. The green complex will be more challenging, with a longer, narrower green set at an angle to the line of play. New fairway bunkers will add risk/reward choices to the tee shot. As the Master Plan states, "it will still be an easy hole, and can be played as a lay-up off the tee and a short iron...however...the hole becomes much more complex."

To accommodate the new back tee on No. 1, the 14th tees will move closer to the creek. But the big change will be moving the green down the hill to the pond, restoring Bendelow's original 1908 challenging and picturesque green site. Earthwork will lower the hill where the green sits today, so that the approach shot to the new green will not be blind. Fairway cross bunkers, a classic Ross feature, will menace the back tee player but should be easily carried by the average player.

Next month: Changes to the 4th, 5th, 6th, and 10th holes.

sliceroo hours of operation

From Wednesday, July 13th through Saturday, July 16th, the Clubhouse will be CLOSED due to the Sliceroo. The Snack Bar and pool will remain open to the Membership during the Sliceroo. Regular Clubhouse Hours of Operation will resume on Sunday, July 17th.

Kids' Klub

Kids' Klub Reservations are Required
Friday Evenings from 5:00 p.m. to 9:00 p.m.
\$10 with Reservation (includes dinner from the Children's Menu)
\$20 without Reservation (includes dinner from the Children's Menu)

Please Note: Kids' Klub will begin at 5:00 p.m. at the pool, and will then move to the Clubhouse around 8:00 p.m., pending weather conditions.

We would like to invite our Members to relax and enjoy their dining experience at the Club. If you would like your child or children to participate in our Kids' Klub (arts & crafts, video games, and movies), please call 303-233-4614 with your reservation. **The cost is \$10 per child with a reservation which must be made by 2:00 p.m. each Friday. If there are no reservations by 2:00 p.m. each Friday, Kids' Klub will be cancelled!** If you call after 2:00 p.m. on Friday with a Kids' Klub reservation and we are able to accommodate your request, the charge will be \$20 per child. If you arrive at Kids' Klub without a reservation and we are able to accommodate you, the charge will be \$20 per child. Due to safety concerns, Kids' Klub is limited to children who are two years old (must be potty trained) to 12 years old. In order to properly staff for Kids' Klub, **RESERVATIONS ARE REQUIRED.** Kids' Klub will be limited to eight children per caregiver. Thank you in advance for your cooperation and understanding.

We started out the month of May with our annual Mother's Day Brunch, which has been our best attended Member Event, to date, since I've been here.

Due to Easter being early this year, and the fact that many were on Spring Break, we believe that is why Mother's Day was such a HUGE success with over 550 Members and their families in attendance. We have perfected the way we do Mother's Day and the Members who attended have only given us rave reviews. Even though things went smoothly, please let me know if there are any additions you would like to see for next year's event.

As I am writing this letter, we are working diligently to finish the pool/golf bar to get prepared for the upcoming golf and pool season. In addition to the new pool bar area, we have re configured the pool deck with seating in specific areas to better serve the Members who dine at the pool. We also put retractable shades around the awning areas to make it a more desirable place to eat/dine when the sun is setting. We hope to

see everyone at the Memorial Day Pool Party and Barbecue. Hopefully, you will enjoy the pool games, barbecue buffet, bouncy castle, obstacle course, and chip shot game.

Upcoming Events you have to look forward to in June are:

* Summer Concert Series at the Pool- Friday, June 24th. Please join us this summer at the pool, one Friday each month, for complimentary live entertainment (pool guest fees will be in effect). This month we will be featuring - Jakarta's 'JK4' a five piece band who play old school funk and R&B. They will perform on the lawn from 6:00 p.m. to 9:00 p.m. Bring your family, friends, blankets, and lawn chairs to these fun filled summer nights at Lakewood Country Club for sunset viewing and live music. We are happy to bring these amazing and talented musicians into such a friendly outdoor setting that offers our Members and their guests the perfect summer escape.

As always, my door is open to any comments or concerns. Please feel free to contact me at any time.
