## Letter from the president

The official start of summer is finally on the horizon and hopefully the rough weather we've experienced throughout May will be something of the past. Hopefully,

we can now begin to enjoy our wonderful facilities in all their glory.

The #11 Snack Bar will reopen in June and I hope everyone will enjoy the improved aesthetics, functionally, restroom facilities, and menu choices that this project provides. This project was initiated by our Long Range Planning Committee and then executed upon by our Facilities Committee. Both groups should be commended for a job well done. Special thanks to Lou Ficco, Jr. for all of his tireless efforts in dealing with the city permitting process as well as the guidance he provided to the General Contractor. While the permitting process and Mother Nature pushed the completion date a bit, the end result is a great new facility that matches the standards of LCC.

At the May Board of Directors Meeting, the Facilities Committee presented the bids that we received on the renovation of the Clubhouse and the expansion of casual dining. We received four very qualified bids, which all came in within a reasonable range of each other. We also received a quote from the designer the Club has used in the past for the furniture, fixtures, and

equipment necessary for the project. After thorough review, the Board determined that additional information was necessary to evaluate the costs and benefits of the project before presenting it to the Membership. As a result, the project was returned to the Facilities Committee and they will begin working with the architect, designer, and the potential contractors to determine if there are areas available for value engineering while keeping within the scope of the original design criteria. The Board felt this was important as we want to ensure that we provide the Membership with the very best possible value proposition for their consideration.

In closing, I'd like to congratulate Mike Fishbach on being named Lakewood Country Club Member of the Year. Mike has been a Member since 1993. Mike has served as Club President and has supported the Club in numerous ways throughout his tenure. I would ask that you all take a minute to congratulate Mike when you see him around the Club on this most well deserved honor.

As always, if I can ever be of any assistance, please don't hesitate to contact me.

Best regards,  
Steven

Lakewood Country Club subscribes to a local weather alert system that warns us of ground lightning strikes within five miles and impending storms. When you hear these sirens, you must mark your golf ball and immediately proceed to the nearest shelter. Our staff will assist any walkers who wish to return to the Clubhouse. Once the danger has passed, one long blast will signal the course is "safely" available for play.

## The Shape of Things to Come!

The future of Lakewood Country Club is always one of my top priorities and I work diligently to prepare this wonderful Club

for future Members. As I was doing research on ways to expose LCC to more potential members, I came across some interesting numbers on the U.S. Census website that put some data into perspective. A graphic, *From Pyramid to Pillar; a Century of Change*, showed the differences in demographics between 1960 and 2060. It brings into focus the dramatic transformation that is taking place in the U.S. population.

In 11 short years from now, the U.S. population will reach a tipping point. The year 2030 will mark the point when all Baby Boomers will be at least 65 years of age. Think about this: 20 percent of our U.S. population will be of retirement age. That's one in every five people. A U.S. demographer; Jonathan Vespa puts it this way: "The aging of Baby Boomers means that within just a couple decades, older people are projected to outnumber children for the first time in U.S. History. By 2035, there will be 78 million people 65 years and older compared to 76.7 million under the age of 18."

So, what does this have to do with the future of Lakewood Country Club? A Lot! As we look ahead 11 years, we all know there are momentous forces that will shape the future of the entire club industry – technology, automation, and finding and attracting skilled employees,

just to name a few. Think about technology 11 years ago – we all used DVD's to watch movies; companies like Netflix, YouTube, Amazon, didn't exist.

It is projected that the Baby Boomer generation will control 70 percent of the U.S. **disposable income** and they will stand to inherit 15 trillion dollars over the next 20 years. In addition, they will have more time to enjoy club activities. This will play a large role in our marketing strategy and messaging, as well as Capital spending. Growing older no longer means not being active. Lakewood Country Club will need to develop strategies to show Members how "to use our products in a progressive yet user-friendly way, and not get caught up in using labels that limit people into a certain age group."

We shouldn't get caught up in what other clubs are doing for marketing (in most cases, nothing). If we look outside the industry, to companies that are molding and changing their marketing ideas and strategies to fit all genre's such as Walgreens, AARP, and even Depends (no longer a diaper but underwear) for inspiration on how to attract and retain a strong customer base – we can learn much.

Biologist, Charles Darwin, showed us that all species must adapt to changing environments in order to survive. The longevity revolution is the next frontier. Let's make sure Lakewood Country Club is ready!!

Sincerely;

Lance Scheele  
General Manager

## letter from the clubhouse manager

### Welcome to the 2019 Golf and Pool Season at LCC.

Due to last year's good response to the Happy Hour at The Water Hazard, we will continue it for the 2019 pool season.

Happy Hour at The Water Hazard is on Wednesdays, Thursdays, and Fridays from 2:00 p.m. to 5:00 p.m. with discounted house wine and draft beer. The summer rotating beer on tap this year in Member Dining and at The Water Hazard will be Kona's Big Wave Golden Ale. We look forward to all of you coming out and spending time at The Water Hazard this summer.

A couple rules we will be strictly enforcing this summer will be the dress code at The Water Hazard and the smoking area location. All Members and guests on the golf side of The Water Hazard (the east side of the bar) must be in proper golf attire. All shirts must be tucked in with the exception of full-button, square-bottom camp shirts, collared or mock necked shirts are acceptable, sleeveless or racerback shirts must have a collar or a mock collar, paired with golf trousers, shorts, golf dresses, skirts, skorts, shorts, slacks which must be of appropriate length. All caps must be worn properly with bill facing forward. Jeans, denim, workout attire, cargo pants, cargo shorts, baggy shorts, plunging necklines, halter, tank tops, t-shirts, tops showing an individual's midriff, or swimsuit cover ups of any kind are not permitted. Flip Flop shoes are inappropriate for all golf areas. **The designated smoking area remains at the green awning next to the putting**

### green, with this location being on the east side of The Water Hazard, you must be in the proper golf attire.

With that being said, the pool does not have a designated smoking area.

This year on Sunday, May 12th, Members came out to celebrate Mother's Day with their families at LCC's annual **Mother's Day Brunch**. This year, we had close to 520 in attendance. This is a traditional event that we keep the same year in and year out due to great feedback from our Membership. We hope all the mothers enjoyed their time spent with family, along with the delicious buffet and received their complimentary family photo. The following Sunday, May 19th we hosted our second theatre outing of 2019, **Dinner & Theatre: Wicked**. For these events, we start with a block of 40 tickets. For this particular show, we went on two waiting lists, and tried to get as many tickets as we could to accommodate the popular demand. We ended up acquiring 82 tickets, and everyone who attended enjoyed the three-course dinner at LCC and raved about Wicked. The Annual **Memorial Day Pool Party** is the big kick off to opening the pool, which was on Monday, May 27th. These few new items were added to the buffet this year, in addition to all the classic barbecue items: three bean salad, baked potato salad, tortellini salad, barbecue chicken drumsticks, and rice crispy treats. We hope everyone who attended enjoyed the start to the 2019 pool season. Our first **"Special Evening Under the Stars" Moon Crush Event** was a huge success with close to 250 in attendance. This event was a very exclusive outdoor concert experience that included a performance by three lead singers from different bands taking turns playing songs in a "Storyteller" type format. from Toad the Wet Sprocket, and Chris Barron from Spin Doctors were this year's performers for the "Special Evening Under the Stars." For this event, we presented a first-time culinary extravaganza, by offering an outdoor alfresco style dining experience. We featured food trucks (Bruna's Brazilian Cheese Bread Sandwiches, California Wrap Runner, and Original by Greeks) a local restaurateur from Los Carboncitos, and our very own Chef Mat Mihalek created charcuterie trays for two, that Members paired with their favorite bottle of wine, while relaxing on their blankets or folding chairs awaiting the concert at the first hole on the golf course. We hope everyone who attended

enjoyed this unique LCC event, and we look forward to partnering with Moon Crush again to recreate this exclusive experience again for our Members.

**As always, my door is open to any comments or concerns. Please feel free to contact me at any time, and don't forget to call ahead and make your dining reservations.**
